

Sea Pay

I. Policy Statement

One of the pillars of the Oregon State University Compensation Philosophy states a commitment to the provision of competitive salary practices, through comparison to appropriate talent markets that are fair, equitable, and financially sustainable. The provision of Sea Pay for qualifying employees is an industry standard in the Maritime market, and will allow us to more successfully meet this commitment.

II. Reason for Policy

The purpose of the establishment of the Sea Pay policy is to provide a university-wide rate of pay and eligibility standard for Sea Pay that will be applied in all units with eligible sea-going employees. This will assure the fair and equitable provision of Sea Pay compensation. The rate for Sea Pay will be jointly established by the Office of Human Resources and the Research Office, and will be used for the submission of grant proposals and for determination of compliance for funding by the Office of Sponsored Research and Award Administration. This policy will replace or supersede any individual unit policies that have previously been established.

III. Scope & Audience

University wide. This policy will apply to all units with eligible sea-going personnel.

IV. Definitions

Sea: The oceans of the world, plus navigable waters connected to the ocean, which include bays, sounds, lakes, rivers and their estuaries

Day: The day begins at midnight, in alignment with standard local time keeping practices

Underway: when a vessel is, neither at anchor, made fast to a dock or shore, nor aground and is moving under control or adrift at sea.
